DNA-2025-0001..659	All 659 Clients	+9198200XXXXX	Gym + PT + Reformer Plans	659 Live Records	Status-Gated Token

5. Single-Club v1 Role Permissions & Access Rules

The Revenue Wall:	Only Owner, HR Head, Marketing Head, and Sales Head have revenue.view capability. All other 30 staff members are strictly blinded to financials, MRR, collections, and GST figures.
IDOR Protection:	Trainers can view and log workouts exclusively for members explicitly assigned in their activeClientIds roster. Scoped capability members.view.own enforced on both server and client.
Member Self-Service:	Members have zero access to the admin console. The rolling 30-second QR turnstile token is dynamically minted only for members with active or grace-period status.
Audit Logging:	All login events, role capability alterations, price overrides, and membership status mutations are logged with timestamp, user ID, IP address, and role signature.
